

Acknowledgment of authorship

An inadvertent printer's error deleted Dr. R. L. Mattson's name from the by-line of the paper "Evaluation techniques for storage hierarchies" in Volume Nine, Number Two. The by-line on page 78 should read "*by R. L. Mattson, J. Gecsei, D. R. Slutz, and I. L. Traiger*" as was correctly stated in the Table of Contents and at the bottom of each left-hand page throughout the paper.
