

MISSION CRITICAL COLOR PRINTING

Spectra[★]Star™ DSx

Color Dye Sublimation Printer

**The Finest Dye Sublimation
Photographic Color Printer Is
Also The Most Affordable!**

Stunning Photo-Realistic Color Prints at 600 dpi

*The Tally Spectra*Star Dsx is the first printer in the industry to offer continuous tone 600 x 300 dpi, four color, full bleed prints, right on your desktop. Smooth continuous tone colors that show details in the shadows and highlighted areas with exceptional quality. Impress both clients and colleagues. Whether you need great color or impressive greyscale photographic quality output, the Tally Spectra*Star Dsx will exceed expectations.*

Sets New Standard in Quality and Performance

*The Tally Spectra*Star DSX features the latest Intel® high performance RISC processor which provides dazzling output and perfect colors at a print speed unmatched in the industry- less than 2 minutes per print. The DSX supports the most demanding application requirements with up to 96 MB of memory.*

Designed for Workgroup Productivity

*The Spectra*Star DSX interfaces with any Macintosh®, PC or workstation thanks to the autosensing feature which switches ports automatically... and provides full PostScript® Level 2 capability plus direct Raster support for enhanced performance.*

*The DSX comes with two pockettes™ which accept plug-in cartridges. The Spectra*Star LAN cartridge supports the eight most popular Ethernet network protocols bringing workgroup capability to your office. The hard disk cartridge lets you use your computer or workstation while printing. This cartridge also serves as a virtual memory and a permanent extended font storage area. Just plug in a cartridge and go! It's that simple.*

The right printer for the job

*Utilize the speed, quality and color built right into the Spectra*Star DSX. Create images and bold transparencies that present your ideas. The DSX produces full-bleed color images for pre-press proofing and accurate representations. Whatever your size requirements, (A, A4, or full bleed Super A) Spectra*Star DSX satisfies your needs cost effectively with impressive performance and the highest quality output in the industry. Unique interactive control panel allows you to control the sharpness of your output and print 1-99 copies without tying up your computer. An optional paper bin can be used for different media and paper sizes.*
