

Intel® Network Adapter historical driver and software version numbers

Drivers and Software can be downloaded from:
[Download Center](#)

This table is provided to help users determine if the drivers, firmware, or software they are using are the latest available.

To check your currently loaded driver version you can do the following:

- Windows*: Select your Network Adapter from Device Manager, then select the Driver Tab.
- Linux*: At a command prompt type: `lspci -nn | grep -i 'Ethernet Controller'`
- Netware*: From Monitor select "LAN/WAN Drivers" option.
